* **Note 1:** Where more than 50 persons are employed, pro rata provision should be made.

** **Note 2:** Where mains tap water is not readily available for eye irrigation, sterile water or sterile normal saline (0.9%) in sealed disposable containers should be provided. Each container should hold at least 20ml and should be discarded once the seal is broken. Eye bath/eye cups/refillable containers should not be used for eye irrigation due to the risk of cross infection. The container should be CE marked.

*** **Note 3:** Where mains tap water is not readily available for cooling burnt area.
