4.1 DESCRIPTION OF FIRST AID MEASURES

If any worrying symptoms occur call doctor immediately - or transfer the victim to the hospital - show this Safety Data Sheet (SDS), package of product or label.

IF INHALED	Under normal conditions , virtually no risk exists. In case of emergency, immediately move casualty to fresh air.
IN CASE OF SKIN CONTACT	Preventively wash skin with soap and water. In case of skin irritation symptoms occur - ensure medical aid
IN CASE OF EYE CONTACT	Flush eyes with huge amount of clean, running water. In case of eye irritation symptoms occur - ensure medical (preferably ophthalmologist) aid immediately!
IF SWALLOWED	If victim is conscious, administer 1-2 cupfuls of water to drink. Ensure medical aid immediately and show this Safety Data Sheet (SDS), package of product or its label. Never force vomiting and never give anything by mouth to an unconscious or obfuscate person
