- pasty

# LIGA<sup>®</sup> EXTRA

## Mild hand cleansing paste on a wood powder basis

### Product description

LIGA<sup>®</sup> EXTRA is a pasty hand cleanser on a wood-dust basis containing scrubbing agents.

### Composition according to INCI

AQUA, WOOD POWDER, SODIUM LAURETH SULFATE, SODIUM C12-18 ALKYL SULFATE, CELLULOSE GUM, PEG-12 DIOLATE, PROPYLENE GLYCOL, FRAGRANCE, CITRIC ACID, TITANIUM DIOXIDE, BUTOXYDIGLYCOL, 2-BROMO-2-NITROPROPANE-1,3-DIOL, IODOPROPYNYL BUTYLCARBAMATE.

### Product properties

- LIGA EXTRA consists of a very effective tenside combination and contains a high amount of replenishing substances providing good skin tolerance.
- The high purifying effect is optimally supported by biologically degradable scrubbing agents on a wood dust basis.
- Beside its good biological degradability, wood dust is especially characterized by its low specific weight thus avoiding clogging of drains and siphons.
- The product is adapted to the natural pH-value of the human skin.

### Application area

LIGA<sup>®</sup> EXTRA is suitable for heavy dirt e.g. from greases, oils, or metallic dust.

### Application

- Spread LIGA<sup>®</sup> EXTRA evenly on the moistened skin.
- Rub in the pasty skin cleanser with the dirt.
- Continue washing adding little water.
- Afterwards, rinse off with plenty of water then dry hands thoroughly.
- The product should not get into the eyes.

### Packaging and storage

LIGA<sup>®</sup> EXTRA is available in:

- 300-ml-pouches
- 500-ml-pots
- 8-kg-buckets
- 25-kg-drums

The product will keep for at least 30 months (from date of manufacture) if stored unopened at room temperature in the original container. The date of expiry is indicated on the packaging.

### Statutory regulations

LIGA<sup>®</sup> EXTRA is subject to the Cosmetics Order, but not the German Chemicals Act or Hazardous Substances Order. Further details on handling the product can be obtained from the group's information sheets on skin protection for the workplace.

### Certificate of Dermatological Compatibility

LIGA<sup>®</sup> EXTRA's dermatological compatibility has been carefully tested and proven. A written certificate is available.
